# The Good Earth Nursery Sample Availability January

Need to see pictures? Visit The Good Earth Nursery's website at [www.palms4u.com](http://www.palms4u.com)

We transport Good Earth's material in boxes rather than on racks. Over the years, we've found that the boxes keep the plants in excellent quality. However, this requires ordering plants in box "sets" rather than in "eaches". The number per box is labeled above each category.
